

**So here is how to measure your hat size:**

1. Measure around your head about 3/4 of an inch above ear where your hat will be worn.  
(A cloth tape measure such as a seamstress or tailor uses is ideal.)

It is usually helpful to have someone help you.

2. Pull the tape tight to measure within 1/8".
3. Read off the number and use the chart below to determine your hat size.

**That's the way it's done. Simple!**
