

The Unknown Soldier

(verse)

Blood shed on a foreign land
Mourning Mothers can't understand
Across the country they still ask why
Beloved sons had to die

(verse)

They came from far and wide
stood tall and did not hide
Real Man kind Big and Small
By their Flags they stood tall

Pre Chorus

Nova Scotia to Victoria (coast to coast on the great divide)
Pennsylvania – California (they stood like ghosts and did not hide)
Does not matter where your from
As side by side they stood as one

(Chorus) x 2

They marched in - shoulder to shoulder
They came out – the Unknown Soldier
They fought close – shoulder to shoulder
Died not in vain – the Unknown Soldier

(verse)

Today they are our nations shield
As you can see in Flanders field
Speak aloud and hold them high
They gave us freedom and a reason why

Pre Chorus

Nova Scotia to Victoria (coast to coast on the great divide)
All across this great divide (they stood like ghosts and did not hide)
It Does not matter where their from
As side by side they fought with pride

(Chorus) x 2

They marched in - shoulder to shoulder
They came out – the Unknown Soldier

They fought close – shoulder to shoulder
Died not in vain – the Unknown Soldier

Years have gone and time has past
Lets keep their names engraved at last
When the time comes and you are much older
You just might meet that Unknown Soldier
Side by side they stood as one
Side by side they fell as one
